## Summary

---

Computer Science student with a solid foundation in Web Development and a strong passion for Deep Learning and Cybersecurity. Dedicated to using my skills to build secure, high-performance web applications. Eager to combine expertise in modern web technologies and cybersecurity best practices to create innovative, and safe web applications.

## Technical Skills

---

- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** Node.js, Express.js, Supabase, MongoDB
- **Database:** MongoDB, MySQL
- **Others:** PyTorch, NumPy, Matplotlib, Pandas, Tableau, PowerBi, Git, GitHub, Linux

## Education and Training

---

<b>National University of Sciences and Technology</b> , H-12, Islamabad, Pakistan Bachelor of Science in BS Computer Science CGPA: 3.44	<b>2023 - Present</b>
<b>The Scholars Science College</b> , Wah Cantt, Pakistan FSc Pre-Engineering (1007/1100) 91.3%	<b>2021 - 2023</b>
<b>Rise And Shine Public School</b> , Wah Cantt, Pakistan Matriculation - Computer Science (1070/1100) 97.3% 2021	<b>2019 - 2021</b>

## Projects

---

- **UniVibe** (Supabase, React, Node, Express) – Link: [\[GitHub\]](#) *(Ongoing Project)*  
A Web Application for Clubs/Societies and students in universities to better connect with each other.
- **LearnMERN** (MongoDB, Express, React, Node js) – Link: [\[GitHub\]](#) *(Ongoing Project)*  
My journey of Learning MERN Stack.
- **Calendar** (HTML, CSS, Javascript) – Link: [\[GitHub\]](#), [\[Site\]](#)  
A simple calendar. Stop missing out on important events by marking them on your calendar.
- **Portfolio** (HTML, CSS) - Link: [\[GitHub\]](#) [\[Site\]](#)  
A simple portfolio website to showcase some of my HTML and CSS Skills.
- **DeepLearning Notebook Journey** (PyTorch, Colab, pandas, matplotlib) – Link: [\[GitHub\]](#)  
A series of PyTorch notebooks where you can learn many deep learning concepts and how to implement them including image classification, data augmentation, transfer learning and more.
- **SmartRide** (C++, DataStructures, JSON) – Link: [\[GitHub\]](#)  
A ride hailing application written in C++ for in-depth understanding of data structures.
- **File Sharing application** (C, Linux) – Link: [\[GitHub\]](#)  
A File Sharing application written in C for sharing text, audio or video files on the LAN. Works on Linux.

## Certifications

---

- Machine Learning Specialization (3 Courses) - **DeepLearning.ai** – [\[Verify\]](#)
- Networking Basics – **Cisco** – [\[Verify\]](#)
- C for Everyone: Programming Fundamentals - **University of California** – [\[Verify\]](#)

This resume is intended for a **Web Development Internship** during my summer vacation period, from **[1<sup>st</sup> June, 2025]** to **[September, 2025]** (approximately **[Number]** months). I am available full-time during this period and eager to apply my skills in a professional environment.
